Terms of Reference for Preparatory Committee of NESS-Pak

1. The Preparatory Committee for NESS-Pak will get the support of representatives of the: i) Universities; ii) Research and development institutions and government departments and; iii) industry and civil society, in Pakistan; and comply with the requirements of the national laws, regulations and policies on Biodiversity, Food Security, Climate Change and SMEs development.
2. Support and participation is requested from the scientific community and all sectors of society to the **“One Target · An Eco-Security System for All People Initiative” (Pakistan Edition)** to support the research and establishment of the *National Eco-Security System of Pakistan* for 240 million people in Pakistan. Names, title/position, affiliated institution of all supporters will be put on the global supporter list (https://www.ness.link/h-nd-17.html#_jcp=1) to recognize their contributions.
3. Discussion will be held on the issues relevant to NESS scientific research in Pakistan, and NESS-Pak Scientific Committee will be established and related operation methods (such as the draft management statutes), and draft the work framework and workplan will be prepared. Timely communications will be made with the relevant departments of the government for their support.
4. This positive scientific action would not cause an international or domestic negative impact. Progress will be shared with NESS-ISN Beijing from time to time.

Notified on Oct 19, 2023, along with annexed Terms of Reference, by:

Prof Sher Bahadar Khan, Secretary, NESS-Pak
